EXAMINATIONS BY PSI SERVICES LLC

This Candidate Information Bulletin provides you with information about the examination and application process for obtaining a real estate license in the State of Mississippi.

Mississippi state laws stipulate that a person may not act as a real estate salesperson or broker without first obtaining a license issued by the Mississippi Real Estate Commission. To be licensed, you must pass an examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, statutes, and regulations relating to real estate.

The Mississippi Real Estate Commission has contracted with PSI Services LLC (PSI) to conduct the examination testing. PSI provides examinations through a network of computer examination centers in and around Mississippi. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

Following are the Mississippi real estate licensing examinations offered by PSI:

- Real Estate Salesperson
- Real Estate Broker

RESIDENT LICENSE REQUIREMENTS

In order to apply for licensure you must complete (fully) the application and return it to the Commission. Each question must be answered as required or the application will be returned to the applicant. A Certificate of Completion of the education requirements (official transcript, grade report or copy of the certificates) and proper fee must accompany the application. *An applicant for a real estate broker's license must furnish a letter of reference from their bank(s) indicating a satisfactory banking experience AND if they are a licensed active salesperson, a letter of reference from their present responsible broker must also be included.* Two photographs (front and profile views) should be attached to the application.

After the application has been approved, you will receive a letter of approval from the commission.

SALESPERSON

Salesperson applicant must be a resident of Mississippi when application is submitted and be eighteen (18) years of age or older.

Salesperson applicants must have satisfied the following education requirements before they take the examination:

- Sixty (60) classroom hours of Real Estate courses from a college/community college or from a Mississippi approved pre-license education provider. A list of approved providers is available at the MREC website at www.mrec.ms.gov.

BROKER

Broker applicant must be a resident of Mississippi when application is submitted and be twenty-one (21) years of age or older.

Broker applicants must have satisfied the following education requirements before they take the examination:

- Active sales license for twelve (12) months immediately preceding application and 120 classroom hours of real estate courses from a college/community college or from a Mississippi approved pre-license education provider. A list of approved providers is available at the MREC website at www.mrec.ms.gov.

Without one year experience immediately prior to application, 150 classroom hours of real estate courses that are part of a degree granting program from a college/community college is required.

College Courses are those in real estate (ONLY) which are acceptable for credit toward a degree at an institution approved by the Southern Association of Colleges and Schools or comparable regional accrediting authority. A three (3) semester hour course usually is equivalent to 45 classroom hours.

RECIPROCAL LICENSURE

Applicants holding an active license in another state may be able to use real estate education obtained from providers who are not actually approved by Mississippi if the state that has issued their real estate license has also approved both the applicant's real estate courses and the education provider for prelicensing credit and a current reciprocal agreement is in force between that state and the state of Mississippi.

Applicants may not be required to sit for the examination provided a current (license-for-a-license) reciprocal agreement is in effect with the state where the individual is currently licensed and on active status.

Reciprocal agreements with states vary. Contact the Commission for specific requirements in your case.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Only consider the actual information given in the question, do not read into the question by considering any possibilities or exceptions.
- Planned preparation increases your likelihood of passing.

- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.
